## Federal Aviation Administration

FAA Oakland ARTCC  
5125 Central Ave.  
Fremont, CA 94536

Issued: 08/29/2017 2027 (UTC) FAA Oakland ARTCC

Effective: 08/30/2017 1200 (UTC)  
Letter to Airmen: LTA-ZOA-4

Subject: Burning Man Festival

Cancellation: 09/05/2017 1200 (UTC)

Burning Man Festival occurring at Black Rock City Airport (88NV) now through September 4, 2017. The airport latitude/longitude is 40° 46' 04" N/ 119° 10' 49" W. Increased aeronautical activities include:

- Regular charter flights to/from the airport
- Parachute Jumping daily from 0600 PDT to 2000 PDT. The parachute jump zone is a two (2) NM radius around 88NV with a ceiling of 15,000 feet MSL.
- Night time parachute jumps scheduled on Aug. 30 and Sept. 1 from 2000 PDT to 2359 PDT
- Three nightly laser shows scheduled from 2000 PDT to 0500 PDT

Pilots transiting the area should exercise increased caution and diligence for the activities listed above. Additionally, the availability of VFR flight following and advisory services may be limited or curtailed due to increases in traffic volume.

Melissa Holmes  
Air Traffic Manager, FAA Oakland ARTCC
